Programme of trade promotions 1972-74

This programme of Trade Promotions is published as a supplement to *Trade and Industry* in January, April, July and October.

Section I lists overseas trade promotions and missions over the next two years for which DTI support is already being planned, or is under consideration. The information is necessarily brief, but further details can be obtained from the trade association or from the officer named against the event. (Tel. 01-248 5757). For trade fairs the date shown in brackets after the officer's name and telephone extension number indicates the closing date for applications for support. Where no date is shown, the closing date has not yet been fixed.

Section II (Europe) and **Section III (outside Europe)** list a number of regular overseas trade fairs, some of which are also included in Section I. **Section IV** lists some United Kingdom trade fairs.

Fairs in this supplement are classified under the commodity groups (right), definite dates being given when known or alternatively the month in which a fair is usually held.

General inquiries about support provided by the DTI should be addressed as follows: For trade fairs, British Weeks, British Shopping Weeks, store promotions and symposia: Fairs & Promotions Branch, Department of Trade and Industry, Hillgate House, 26 Old Bailey, London EC4M 7HU (Tel. 01-248 5757, Ext. 7091).

How the Department of Trade and Industry can help you to promote your goods overseas

In 1971 the Department of Trade and Industry supported some 5,200 firms to exhibit at 270 trade fairs in 38 different countries: one major British Week, one British Trade Week and three British Shopping Weeks and 38 Store Promotions. In 1971 142 Outward Missions were supported and some 1,700 firms were helped in that way.

Joint Ventures

Under its Joint Venture Scheme the Department of Trade and Industry provides space and a shell stand for each firm taking part in a group display sponsored by a trade association or other non profit-making body at an overseas trade fair. In addition, for joint ventures held outside Western Europe, the Department pays half the return tourist air fares of two representatives from each firm manning their stand for the duration of the event and half the freight charges for returning unsold goods exhibited at the event. Firms taking part in a joint venture display will be charged a participation fee.

British Pavilions

At some overseas trade fairs, usually those where participation is organised on a national basis, the Department organises British pavilions. Space and shell stands are provided to participating firms at attractive rates. Firms taking space in a British pavilion, provided the event is held outside Western Europe, are also eligible for assistance similar to that given under the Joint Venture Scheme towards the costs of representatives' travel and of returning unsold exhibits.

Technical Symposia

In certain circumstances British Firms taking part in technical symposia organised in association with a trade association may be given support comparable to that available under the joint venture or outward mission schemes.

Information Stands

At the more important trade fairs, especially in Western Europe, the Department provides an official Information Stand staffed by Diplomatic Service Commercial Officers. Apart from dealing with commercial inquiries, these Information Stands serve as a focal point for British firms exhibiting at the event either directly or through local agents.

British Weeks

British weeks are major promotions of British consumer and consumer durable goods at the point of sale in a selected city overseas. The aim is to develop sales direct to customers through every suitable shop or other retail outlet in a selected area of a chosen city. Capital equipment manufacturers also take advantage of the favourable atmosphere created during these events.

British Shopping Weeks

These are organised by local authorities or Chambers of Commerce overseas with the help of Diplomatic Service Commercial Officers. The Department of Trade and Industry may provide display material, arrange supporting events and may help individual stores to arrange special features.

Store Promotions

Promotions of British goods involving a substantial volume of new buying are frequently put on by overseas department stores. The Department of Trade and Industry assists the store by providing display material and by arranging for special supporting features to be set out either wholly or partly at the store's expense.

Outward Missions

Trade Missions to overseas markets are sponsored by a trade association, Chamber of Commerce or similar non profit-making body. Their purpose is to assess the prospects for British exports in selected markets or to sell or to promote the sale of British products. For approved Outward Missions the Department of Trade and Industry contributes towards the costs of each participant according to a fixed scale.

Inward Missions

The Department of Trade and Industry offers financial assistance to trade associations and other non profit-making bodies sponsoring visits to Britain by groups of overseas businessmen wishing to purchase British products or assess the latest developments in British industry.

Alltransport Case History No.1

"Court Line planned a holiday hotel in the Caribbean. The island of St. Lucia.

Nothing there except sunshine. Literally every item had to be imported.

That's where we came in – to organise and co-ordinate the hundreds of packing and shipping consignments. Not easy though, when you're dealing with dozens of different contractors and suppliers. Some of them have never exported a thing before.

So we consolidated all shipments for efficiency and economy giving complete schedules, case numbers and content documentation to Court Line at every stage. Consignments had to arrive at the right time, in the right order, in the right case. They did.

The hotel opens in April – on schedule."

Take another case. Yours. The same expert planning, organisation and methods, modern packing techniques and materials, the same care and attention to detail are available to you. A complete service.

But we at Alltransport know that every customer, every case is different. And we take the trouble to handle things that way. Your way.

Perhaps that's why such a variety of companies use our services. Experts Extraordinary to the Export Trade, you might call us. Please do. Any time.

ITF shows the w

I.T.F. organises national and international exhibitions for commerce and industry throughout the world. One of the largest organisations in the field, I.T.F. is responsible for some 40 major trade shows in the United Kingdom and Ireland, beside major British trade fairs overseas.

I.T.F. is in a position to offer companies of all sizes from Britain and overseas the opportunity to show their products and services in a series of exhibitions over a wide range of industry.

Almost all the exhibitions in the United Kingdom and Ireland are planned, organised and staged under the direct sponsorship of interested trade associations and federations. All British fairs and promotions held overseas have been presented with the full co-operation of the Confederation of British Industry and the Association of British Chambers of Commerce with active support from the Department of Trade and Industry. The British exhibitions being held overseas in 1973 are being organised on behalf of the Department of Trade and Industry.
